

Danylo Babych

Full-Stack Developer

Remote / Europe | Ukrainian (Native) | English — B2 Upper-Intermediate | Slovak — B2 Upper-Intermediate

Professional Summary

Full-Stack Developer with 2+ years of experience building and shipping production-grade web applications across e-commerce, healthcare, fintech, and enterprise domains. Proficient in **React**, **Next.js**, **Node.js**, **NestJS**, and **TypeScript**, with hands-on experience designing REST APIs, microservices, real-time systems, and cloud deployments. Focused on clean architecture, performance optimization, and maintainable code throughout the full development lifecycle. Comfortable working independently and in Agile teams.
